The last couple of years have included some incredible milestones for "The Painter of Chefs" Christopher M. Attracting a broad audience and a rapidly-growing collector base, Christopher M. continues to gain momentum as one of today's most exciting artists through a variety of art openings, extensive collaborations with culinary masters and top chefs across the country, special recognition including being selected as the featured artist for ArtExpo New York and the San Diego Bay Wine & Food Festival, and participation in a number of culinary and wine events nationwide. His work continues to be admired by anyone and everyone with an appreciation for fine dining, fine cuisine, fine wine and fine art.

In 2010, Christopher M. has already embarked on several culinary journeys and will continue to serve up a number of exciting events that blend the culinary arts with fine art. In February, he hosted "The Art & Soul of Food" with Chef Paul McCabe at L'Auberge Del Mar's Kitchen 1540 restaurant, which offered guests the rare opportunity to experience a four-course dinner, wine pairing and art

show, all inspired by the four emotions: Nostalgia, Blue, Amorous and Euphoria.

Other events throughout the year include a series of cooking classes and wine tasting events at EC Galleries and other select venues, featuring live painting from Christopher M. and demonstrations from some of San Diego's favorite chefs.

For wine lovers: Be prepared to be mesmerized by Christopher M.'s next series of work, set to debut in late summer or early autumn. After an intimate three-day culinary and fine wine adventure in Napa Valley, the artist will feature the legendary winemakers of California's most famous region, including Heidi Barrett, Pam Starr, Doug Hill, Chris Dearden, and many others. Details coming soon!

And don't forget to visit our website for more information about Christopher M.'s upcoming events and special appearances! In the meantime, he can often be spotted at many of San Diego's finest restaurants, wine bars, and even the local farmers markets—capturing the unique textures, colors and action in each of these unique settings.
